COUNCILLOR PHELPS BACKS FRUIT BY AIR PROPOSITION

Town Council Minus "The Little Mayor" Transacts a Lot Of Business—Will Purchase a \$1,000.00 Victory Bond.

LOTHIAN IN CHAIR

Sell Two More Lots On Which Homes Will Be Built—\$19,000 Of 1944 Taxes Paid Up To Date.

Grimsby Town council sat in regular session last night with Reeve Wm. Lothian, by motion of council occupying the Chief Magistrate's Chair, owing to the illness of Mayor Edric S. Johnson.

Despite the fact that council dealt with a lot of business and in short order, there was a void in that chamber.

On Motion of Lothian-Bourne—"That the members of this council express the wish that Mayor Johnson may soon be fully recovered and able to resume his duties as head of this municipality."

Councilor Bull reported that Charles Woods and Lloyd Theal had purchased lots on Livingston avenue, on which they will construct new homes.

Then council got into a very heated, but sensible argument, when a letter from the Aeronautical Association of Canada was tabled by Clerk Bourne. It regarded the development of air fields throughout Canada. The Editor of The Independent got tangled up in this argument, because it concerned "Fruit By Air". Councilor Phelps was very strong for the air field idea and especially for Grimsby. None of council were opposed to the air field idea. Council will look further into this matter.

Coal Oil Lamps Were Innovation

Took The Place Of Tallow Candles Which Each Household Made In Moulds—Henry Fluhrer Celebrates 91st Birthday.

As active as men many years his junior, Henry Sylvester Fluhrer, No. 8 Highway, Vineland, observed his 91st birthday on Sunday. Mr. Fluhrer and his wife busy themselves around their five-acre farm, raising fruit and a large flock of chickens.

Not content with these duties alone, Mr. Fluhrer is active in keeping his house ship-shape. He knocks out concrete partitions in the basement, plasters up new doorways, has built a cistern in the past few months, and likes to do carpentry work.

His mind is as active as his body, and he likes nothing better than a serious argument to whet his quick wit. He can remember events which happened early in his life as clearly as if they occurred yesterday.

Century Mark For Cigarette Fund

"Cammy" Gets A Hundred Bucks In The Month Of March—Many Thanks Due To Citizens.

After three years of trying "Cammy" Miliard has finally hit the century mark. Thanks to the good citizens of Grimsby.

Cigarette Fund receipts for the month of March knocked "Cammy" off his roost and gave a lot more of us a dizzy spell.

One hundred bucks and 85 cents for carfare was the sum total of the money received to buy smokes for the boys overseas, during the month that St. Patrick and Peggy O'Neill made famous.

Here's the statement:

Store Boxes	\$ 36.10
Beach Bridge Club	4.00
St. Mary's Church	15.00
Mrs. M. Beach	1.00
Lions Club	25.00
Shamrock Sale	17.75
Money Found	2.00
	\$100.85

HELPING WAR EFFORT—Forming themselves into a group of "Young Commandos," the junior boys of Grimsby Beach School recently held a salvage drive and collected some three tons of waste paper, glass, metal, etc. The youngsters, using a baby carriage, push cart and small wagons, conveyed the scrap to the school and Cecil Bell, a fruitgrower, then trucked it to the Grimsby and district salvage dump. The boys can-

pass most of the district from Grimsby town limits to the Clinton township line, including the Grimsby Beach area. Picture shows some of the boys arriving at the school with their loads and gives an idea of their means of transportation. From the left, those shown are: Robert Wyse, Ralph Rummery, Sydney Henley, Burton Verner, William Lee,

Robert Ellis and William Nelles.

"Dad" Says It Is All Up To The People—Our Sons And Daughters Have Not Failed Us, Our People Will Not Fail.

STRONG COMMITTEE

Big Drive Opens Monday April 24th—Public Should Be Ready To Receive Salesmen. With Open Arms.

According to Charles A. "Dad" Farrell, Chairman of the Sixth Victory Loan committee, the loan locally is going to go over with a great big bang and a smash.

While the committee is not as yet completed it will be by the end of the week and "Dad" says it will be one of the strongest bodies ever organized in this district. Eric Ewing, manager of The Canadian Bank of Commerce will again be honorary treasurer and he will be surrounded by a committee of men and women whose every endeavour will be to put the local drive over the top in the shortest space of time.

Salesmen are being selected and territory allotted to them, so that when the big campaign opens on Monday morning, April 24th everything will be set and then it is up to the people.

Headquarters have been established in the office of Chas. DeLaPlante, on Main street and the drive will be directed from this point.

As "Dad" told The Independent "there is not much that I can say. It is entirely up to the people. They know as much about this war (Continued on page 8)

CHARLES FARRELL HEADS VICTORY LOAN CAMPAIGN

It Happened Nearly A Half Century Ago

The above photograph was taken by a man the name of McCullough, who conducted a photographic gallery upstairs over the stores now occupied by Vernon Tuck, Hillier's old store and a portion of Theal Bros. This picture was taken over 45 years ago. It is a group of members of the Independent Order of Foresters. The lodge room was on the third floor of the Malakoff building, the two top floors of which Shafer Bros. razed five years ago. The ground floor is now occupied by the liquor store and the White Elephant Shop. This old lodge room in the good old days housed a great number of fraternal societies. The Independent Order of Foresters; Canadian Order of Foresters, of which the late David Allan, became High Chief Ranger of Ontario; Independent Order of Oddfellows; Ancient Order of Forsters; Canadian Home Circle; Ancient Order of United Workmen; the Orange Lodge; Independent Order of Good Templars. In fact all fraternal orders met in this hall except the Masonic, whose meeting place was in the Whitaker block, at that time, over the stores now occupied by Miss Jean Lowe; Cases' Meat Market and the Busy Bee.

"Cammy" Miliard Will Start Sale Of Tickets For Drawing For Fine Three Months' Old Hereford Heifer This Weekend — Donated To Cigarette Fund By Jack Puddicombe, Mayor Of Wina.

Jack Puddicombe, the cattle breeding peach grower, of Wina, started something when he donated that three months' old pure bred Hereford heifer to "Cammy" Miliard's Cigarette Fund.

Ever since the announcement was made in The Independent that this beautiful bovine would be raffled off to raise money for the boys' smokes all kinds of enquiries have been received by The Independent and "Cammy".

Tickets on the drawing for this (Continued on Page 7)

Ration Book Job Well Handled

11,655 Books Issued Without A Hitch by Volunteer Workers — Mayor Johnson Expresses His Thanks.

Armand A. Hummel, Secretary of the Local Ration Board, reports that issuance of ration book number four was carried off throughout the district without a hitch.

Volunteer workers in Beamsville, Clinton, Smithville, Caistor and Gainsboro, handled their work well and the quick response to carrying out instructions and getting their books early. Almost 100 per cent.

In Grimsby and North Grimsby Supervisors James G. McIntosh and Burton L. Bentley and their loyal band of some 70 volunteers done a remarkable job.

Mayor Edric S. Johnson, Chairman of the Local Board, was very much pleased with the manner in which the whole issuance throughout the district was handled and wishes to extend to all who helped so much in most sincere thanks. (Continued on page 7)

Ukrainians Will Celebrate Easter

One Week Later Than Our Easter — Triduum Of Sacred Services Being Held This Week.

Ukrainian Catholics of Saint Mary's Church (on top of the hill), Grimsby, will celebrate Easter according to the old Julian Calendar, this coming Sunday, April 16th. Elaborate preparations are being made to make this Easter occasion a truly glorious one.

A Triduum (three days) of deeply symbolic services will be held every evening on each of the three consecutive days in advance of Easter Sunday itself. On Good Friday evening, April 14th, beginning at 7 p.m., matins will be sung according to services held in Jerusalem. Visitors who would care to drop in at the church to see how this service is conducted will be very welcome.

Of special interest to such guests will be the beautiful sepulchre being prepared by the religious of the Passionist Order. Amidst masses of flowers, and artistically arranged (Continued on Page 7)

FACTS & FANCIES

Frank Fairborn, Jr.

THE MYSTIC LURE OF THE PRINT SHOP

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING.

Once editor, compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. Law books, text books, encyclopedias, magazines, and news papers, all sinck of it.

It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whenever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

LINE IS DRAWN

"This government is not willing to make special provision for men who are unwilling to fight for their country." This statement was made in the Legislature, by Premier Drew, relevant to a bill to provide protection for soldiers' equities in insurance and property.

In effect, the line is drawn between men available for overseas duty and the men of the draftee army at home. Certain C.C.F. representations were made, to have the draftees get the same benefit as the men overseas, but, as the Premier's declaration reveals, the government turned thumbs down on such proposals.

It is a regrettable condition all round that Canada should have an army which contains a large percentage of men who refuse to fight and, fortunately, a large percentage of men who will fight. But that is the situation without doubt.

Everyone knows how it originated and from what it really stems, the refusal of Prime Minister King to accept the vote of the people of the country, which favored general conscription for overseas service. Thus, there is a cleavage in the armed services, I will's and I won't's, with a nasty aftermath from it all when the war is over, and when a sober review of things will be taken.

In any event, the Ontario government will give not recognition, financial or otherwise, to the zombies, now an accepted description of the home fronters.

THE RETURNS OF SPRING

The month of April promises two certainties—taxes and migrant birds. Let's discuss the latter.

Whether you have noticed it or not, the crow, robin, song sparrow, bluebird, redwing, meadowlark, etc., have returned from the south by now. Several other familiar birds are due this month, according to ornithologists.

The flicker, that white-rumped, golden-winged woodpecker, will be among the first if he has not already arrived. Also, the kingfisher will resume his patrol of river and creek and it will be good again to hear his voice clattering like an air-raid warden's rattle. Two of the more intimate dooryard birds which arrive in April are the modest, slender chipping sparrow and the barn swallow. Surely every farmer will find it pleasant to see the familiar forms of swallows sweep in and out through his barn doorway.

And just about the tax-due date, the bubbling song of the bustling house wren will be heard again in city and country garden. Do you suppose the Department of Internal Revenue has seen through all this and planned accordingly?

COMMANDS OF THE WIFE

A newspaper joker says the girls admire the man in uniform who obeys the orders of his superiors. He asks if he will obey equally well when the orders are issued by his wife.

The women folks will deny that they issue commands. Some of them are capable of such complaints if their requests are not complied with, that these requests seem a good deal like commands. The man should realize that when the girl married him she in the majority of cases gave up a good deal in the way of independent plans.

If married life does not go too well, she may in many cases be tempted to quit and earn her own living. Love and a willingness on both sides to make concessions, have a way of harmonizing discords.

UP WITH FAIRY TALES

There must be some place in society for reformers, but we are beginning to wonder just where, says The Globe and Mail. Now, we don't think that New York's ex-mayor, ex-playboy, Jimmy Walker, was quite fair when he said: "A reformer is a guy who rides through a sewer in a glass-bottomed boat."

Nor do we think that Horace Walpole, in a letter to the Earl of Strafford, was more than half right when he wrote: "Tyrants have no conscience, and reformers no feeling; and the world suffers both by the plague and by the cure." But we are beginning to be worried about reformers.

Last November a major-general said that the Santa Claus myth is one of the greatest threats to civilization. The other day in the Ontario Legislature a member of that august assembly wanted the movie censor to do something about pictures like "Snow White and the Seven Dwarfs."

Is there no point where these reformers will stop? Just when will they quit pushing us around? The news report from the Legislature is as follows: "C. A. Strange (C.C.F., Brantford) thought the Censor Board would benefit by the services of a child psychologist. Pictures had been banned in England because of the possible effects on children's emotions. One of these was 'Snow White and the Seven Dwarfs,' a picture widely seen in Ontario, Mr. Strange said."

Now, we think that children have every right to have their fairy tales put into the movies. We know that Walt Disney's Snow White was something children liked. It is all fine and good to draw inspiration from what the United Kingdom does; but when it comes to its movies censorship we wonder. In addition, Snow White was never banned in the United Kingdom. It ran freely and successfully there; it is being reissued, and we don't know of any children or grownups who were hurt by fairy tales.

Is Snow White too shocking for children? Then Mr. Strange might turn to Hans Andersen's fairy tales and try to have them banned. And Mr. Grimm's tales? What of them? And would Mr. Strange put the censor to work on Little Red Riding-Hood? Remember, grand-mother was eaten all up, and the wolf nearly got Little Red Riding-Hood, even though the wolf wasn't tall, dark and handsome?

And would Jack the Giant Killer come under the ban? There was plenty of murder in that one, and at the end Jack cut down the beanstalk and the giant was killed dead.

And what about Bluebeard? Children love the tale, and the more wives he killed, the more gore, the more pretty damsels the nasty bad man chopped up, the more the kids enjoyed it.

Why, even the Three Little Pigs would be dangerous if judged on the same basis. And poor Humpty Dumpty, "all the King's horses and all the King's men couldn't put him together again." Nor do we notice any great danger in Jack and Jill, even though Jack fell down and broke his crown and Jill came tumbling after.

No. We are not going to be pushed around any more. We stand foursquare for fairy tales, be they ever so gory. And more power to Walt Disney. May he give the children bigger and more films.

"Com-pan-ee atien-shun!" bawled drill sergeant Geo. Warner to the rookie squad. "Com-pan-ee, lift up your left leg and hold it straight out in front of you!"

By mistake, one soldier held up his right leg, which brought it side by side with his neighbour's left leg.

"Aw right!" shouted the sergeant when he noticed this, "who's the wise guy over there holding up both legs?"

'WAY BACK WHEN

Frank Fairborn, Jr.

We always liked to have some trifling ill,

So we could send for him to come, and hear His sprightly comment on things far and near, Flavoured with kindness, like the sugared pill He gave us for each slightest ache or chill;

And when there came a cause for graver fear, We saw with hopes upheld by quickened cheer His gaunt white pony toiling up the hill He held no cult of new and subtle arts,

Yet his keen skill their pretence might have shamed; Father-confessor to a thousand hearts, He solved more woes than those their bodies claimed.

Strong, human, wise, he eased their souls of pain, And made both flesh and spirit whole again.

Balloon ascensions and coal oil lamps were big news to the St. Catharines Herald and General Advertiser in 1858, according to a copy of the little four-page paper recently unearthed by The St. Catharines Standard. The paper is tabloid size, with three columns of small type, set up mostly in advertisements. The paper was published every Wednesday morning at the corner of St. Paul and Queen streets, and cost 25 cents a year.

Some advertisements, too wide for the columns, were placed vertically instead of horizontally in the paper. One "ad" by "Knickerbocker," a magazine, promised an acre of land for each \$3 subscription; the land was in Texas, Kansas, Iowa, or Wisconsin.

One "ad" declares, "Celebrated coal oil lamps and pure coal oil—not explosive. The oil is rapidly superceding all other illuminating agents. It gives a better light than other burning fluid, at less than one-half their cost."

For 12½ cents you could buy a copy of RAREY'S "Secret of Horse Taming" from the Herald's office.

"We propose issuing, as soon as sufficient subscriptions have been received, a semi-monthly periodical of 24 pages, entitled 'The Canadian School Magazine,'" reports one item. Whitten's Quadrille Band was "in readiness at all times to furnish appropriate music for assemblies, dinners, private parties, etc., on the shortest notice, and at reasonable rates."

Grantham township's annual cattle show and fair was to be held in St. Catharines Oct. 8, and "an extensive list of premiums" was offered by the fair of the Clinton Township Agricultural Society at Beamsville on Oct. 21.

Prices on the St. Catharines market included: butter 18c lb, beef 8c, hay \$7 ton, ham 12c lb, eggs 13c doz., cordwood \$2.50 cord, bacon 11c lb.

Taylor's "celebrated amber ale is now ready for delivery at reduced prices in quart and pint bottles," says an advertisement by Taylor & Bate. Another ad by William Cooke, agent of the American Express Co., is for the "Royal Mail Stage Line from St. Catharines to Thorold, Allanburgh, Pt. Robinson, Merrittville, Junction, Stonebridge and Port Colborne. Packages and freight promptly forwarded by the above line."

Alfred Elson, celebrated English pedestrian, walked 1,000 miles in 1,000 hours to at Toronto. His friends were obliged to resort to the expedient of firing guns and beating drums to awake him to his task during the latter portion of the walk."

A balloon took off from Adrian, landed 16 miles away, and one of the occupants, a Mr. Thurston climbed to the top to open the valve. The balloon suddenly "darted into the air, carrying Mr. Thurston with it. He was watched for about an hour, when all passed out of sight. The next we hear of the balloon is it gradually fell towards the earth until it finally landed upon the farm of Mr. Joseph Marks in the Township of West-Tisbury, in the County of Essex. The advent of so unusual a visitor in their neighbourhood caused no little excitement. When it came down, there was no one to meet it, forcing us into the sad belief that Mr. Thurston had dropped off either into the lake or somewhere in the woods."

Mormon disturbances near Salt Lake City were quieting down, and a Portuguese sailor who landed at Monton Point confessed he came off a slaving ship which had brought a load of Africans to Cuba.

A local items says: "St. Catharines, for once, has been made the scene of a disgraceful, lawless, rowdy political gathering, resulting in no good to either party. A requisition numerously signed by was received by two of our justices of the peace, and in accordance therewith a meeting was convened to candidly discuss the late ministerial changes, and the political state of the province in general. We are sorry to record the fact that this object was not allowed to be carried out. A regularly organized band of hirelings, no-rate-paying, non-voting rowdies were early at the rendezvous, and with hideous yells, groans and boisterous and unseemly language effectively put a stop to the candid discussion of the question at issue."

"We regret that this should ever occur. The strife too often appears to be to see which party can muster into service the largest number of fighting rowdies to disturb the speeches of their opponents. At this gathering the Conservatives had a decided majority of the latter gentry, and succeeded in breaking up the meeting in a general row. The proper authorities are to be censured for not having an efficient police force on the ground to preserve the peace."

This is one in a series of messages explaining problems of electric supply to farm and hamlet consumers served direct by The Hydro-Electric Power Commission of Ontario.

Why a Minimum Bill for Electric Service?

In our previous message, we indicated the two parts of the cost of supplying electric power to the Rural User. Let us consider the part covering distribution cost, and its relation to the MINIMUM BILL.

Electricity cannot be bought at a store and taken home for use. It has to be delivered to your home or farm over distribution lines built of poles, wires, insulators, transformers, meters, etc. These lines must be ready to deliver electricity day in and day out, when you turn the switch.

These pole lines, with related equipment, cost money to construct, and on this cost must be paid each year, interest and repayment of capital. In addition, these lines must be properly maintained, replaced when necessary, and kept in good operating condition, including costs of billing, and collecting and superintendence. All of these distribution costs must be met each year, in addition to the actual cost of electricity at the substation.

Let us see what this distribution cost amounts to:

Cost to construct 20,000 miles of distribution lines to serve 135,000 rural users \$39,000,000.00

Yearly cost (1942) of operation, maintenance, interest, renewals, etc. \$ 2,991,400.00

Average cost per customer \$22.20 per year 1.85 per month

In hamlets where customers can be grouped and lines are shorter, this average cost per user is slightly less. In the case of farms where the users are spread along the line, the cost is somewhat greater.

Whether or not you use power in any month, the cost of this equipment to serve you still carries on. If you use less electricity than is cost, then you have a MINIMUM BILL to meet this distribution cost. If your use of electricity is greater, your bill at the Uniform Rate covers both distribution cost, plus the cost of electricity at the station. The Minimum Bill for a 2-wire Hamlet user is \$1.50 net per month; for a standard Farm, it is \$2.02 net per month.

These explanations are given to help you understand the new rate. In our next message, we will discuss, for your benefit, "Installing Services under War Conditions". In the meantime, if you need further information, please ask your Rural District Superintendent.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

In order to have a complete understanding of the new rate, we suggest you clip and keep these explanations.

"COMBINED OPERATIONS INCLUDE YOU"

● Invasion demands more action from every fighting service... combined operations. Combined operations include you, too.

Despite the shortage of help and equipment, Canadian farmers have responded nobly to demands for increased production of foods.

But there is one thing on which a better job can still be done,

MORE MONEY is needed to fight a more intensive war.

All Canadians will be asked to furnish this money. It's a duty that we who are at home owe to the men on the fighting fronts.

In these days most farmers have higher incomes... money to save. And that is the job that they are asked to do... save money and lend it to Canada.

You are not asked to give money... just to lend it. When the war is over you'll have this money to "plough back" into your farm. So save now to lend to your country. Save to have money to improve your farm; money for new stock and implements; money for more land or new buildings... for a new car... for new furnishings and conveniences for your home.

All you can lend is little enough for a cause so vital for a need so urgent. And the more that you can save and lend to your country now, the more you will have for your own use when the war ends.

Be Ready to Buy **MORE** **VICTORY BONDS**

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Take a Tip:

1. Figs are sweet of themselves but if you wish to add sugar, use the brown in preference to white and add a slice of orange or a dash of lemon juice or a few drops of flavoring. These figs are perfect on the breakfast menu as the fruit course, or may add extra food value to a cooked cereal.

2. Steamed or stewed figs make a helpful addition to muffins and hot breads.

3. Combine 1 cup of cooked rice with a hearty dessert. Use 1/2 cup cooked rice and 1/2 lb. cooked chopped figs. Fold in together with tsp. vanilla and one stiffly beaten egg white. Pour into serving dishes and chill. Serve with top milk.

4. Salads of figs, sliced with peanut butter or split and together with cream cheese are served

on a bed of finely shredded cabbage.

5. Scrumptious steamed fig puddings require a semi-sweet sauce which save the sugar.

Steamed Fig Mould

1 cup chopped figs, 2 cups bread crumbs, 1/2 cup chopped suet (taken from roasts), 1/2 cup honey, 2 eggs, Rind and juice of 1 lemon, 1 tbsp. molasses, 1/2 cup flour, 1/2 tsp. baking powder, 1/2 cup milk.

Combine ingredients. Pour into greased pan. Cover with waxed paper. Steam 2 hours.

Fig Custard With Meringue

Scald 1 quart milk. Mix 2 tbsp. cornstarch, 1/2 cup sugar, 1/2 tsp. salt with 1/4 cup water.

Stir slowly into scalded milk and cook for 10 minutes.

Add yolks of 3 eggs slightly beaten and continue cooking 3 mins.

Cut 1/2 lb. washed figs and put into double boiler.

Add 1/2 cup hot water, 4 tbsp. sugar and 1 tsp. lemon flavoring. Cover and cook until figs are tender.

Combine mixture and let cool.

Pour into casserole. Cover with meringue made of 3 beaten egg whites with 2 tbsp. sugar folded in.

Set in electric oven at 350° for 10 mins.

THE QUESTION BOX

D. J. W. asks:

Why does pastry shrink?

Answer: You may be using all-purpose flour instead of pastry flour, since there is a limited supply of the latter. In this case, use 2 tbsp. more fat for 3 cups flour. Use about 1/2 cup cold water sprinkled into fat-flour mixture. Ample water should be used to make a dough that can easily be moulded together. The importance of chilling the dough, rolling out lightly and pricking before baking will prevent shrinkage.

T. C. says:

To make a new broom last longer, soak in a strong solution of hot salty water before using it. This toughens the straw and makes more durable.

Mrs. A. D. Asks:

Why do bread crumbs become musty even when dry?

Answer: Crumbs need a little air. Put crumbs in a jar and tie a

piece of cloth over top.

Anne Allan invites you to write to her c/o The Independent. Send in your suggestions on homemaking problems and watch this column for replies.

Brightening Up For Spring

If you want to do an all-out job of brightening your home come Spring, on a war-time basis, you'll be doing the wise, proper and popular thing to consider the possibility of reclaiming some of your old possessions for the project.

One good brightener-upper is the simple expedient of converting strips of old and worn bedsheet into attractively pleated edging for the linen closet shelves.

To make the edging, use the hemstitcher attachment of your sewing machine and the result will be fine, picoted perfection. For color, add rick-rack trimming.

Another inexpensive project that uses salvaged bedsheet pieces is to make kitchen curtains. Even if the

pieces are too narrow for an entire curtain they can be easily joined for the needed width with decorative fagoting stitches that are quickly formed with a fagot attachment part of the magic that is the modern sewing machine kit. Of course there's no need or reason to have white edging or curtains. Just

get to work with some packages of color to do a superb job of camouflaging your old bedsheet linen and of making a new color scheme. Then here's another spring fresher suggestion to remember when taking inventory of your pillow case collection.

Pillow cases that may be frayed along the deep hem-line can be restored to good use as guest room pillows, just by the addition of ruffled borders. These may be made with the ruffler attachment and then hemstitched together with the hemstitcher. The borders will supply the needed length and it's a good idea, if you're going to use the pillows for decoration only, to have two open ends instead of the usual one. The finishing touch is to run narrow ribbon through the hemstitching and plant a multiple looped bow at the top.

WASHDAY and DRAIN STOPPED UP!

POUR IN GILLET'S!

DON'T WORRY! Drain will clear and clothes will be done and out on the line in good time—just shake in quick-working Gillett's Lye. Gillett's chases the mess in the pipes right away.

Cuts right through oil grease and dirt! Makes all heavy cleaning easier! Sweetens and deodorizes everything it touches. Destroys contents of outside closets. A back-saving, work-saving, time-saving all-round cleaner you'll bless a dozen times a week. Get Gillett's today.

Never dissolve ivo in hot water. The action of the lye itself heats the water.

BREAK UP MENU MONOTONY

**MAGIC'S
MOLASSES BISCUITS**

2 cups sifted flour
4 tbsps. Magic Baking Powder
1/2 tspn. salt
1/2 cup sugar
1/2 cup chopped nuts, any kind
Mix, sift flour, mix with sugar, salt and nuts. Cut in shortening until dough is thick. Roll out 1/4 inch thick. Cut in 1-inch squares. Sprinkle with 1/2 cup nuts. Roll out 1/4 inch again. Cut in 1-inch squares. Mix in 1/2 cup molasses. Pour into well-greased layer cake pan. Sprinkle with remaining nuts. Place biscuits with tops side down. Bake in hot oven (450°) for about 25 minutes. Turn out immediately. Makes 18.

Mrs. Norman Hoebel and little daughter, and her sis', Miss Frances Pylypiw, of Crowland, are visiting at the home of Mr. and Mrs. W. Hoebel, Depot Street.

Rev. and Mrs. W. J. Watt have received word that their son George, who is a Service Flying Instructor at Souris, Manitoba, has been promoted to the rank of Flying Officer.

In a letter to The Independent, from St. Catharines, Wesley Galligan, Past President of West Lincoln branch, Canadian Legion, wishes to be remembered to all his old friends in the town and township. He especially wishes, as he expresses it, to congratulate "his" fellow comrade in arms, Mrs. Bessie K. Moore, upon the high honor conferred upon her by the Lions Club.

The bride, given in marriage by her father, wore a white satin dress, with a corsage bouquet of Pink Roses and White Carnations. Miss Jean Voll, sister of the groom, was the maid of honor, wearing a pale blue satin dress, with corsage of Red Roses and Carnations. The groom's attendant was Mr. Lloyd Rosebrugh, brother of the bride.

The Bride's mother received in a blue silk dress, with corsage bouquet of red and white roses. The groom's mother wore a black silk dress with a bouquet of pink and white roses.

For travelling the bride was attired in a Navy Blue suit and hat, with White accessories. The happy couple left by motor for Hamilton and points North.

BARLETT-DAVY

The wedding of Evelyn, youngest daughter of the late Mr. Chester Davy and Mrs. Davy, of Vineland, and Mr. M. Wylie Bartlett, of Grimsby, son of the late Mr. and Mrs. William Bartlett, was solemnized quietly at the home of the bride on Saturday afternoon, Rev. D. S. Steinmann officiated.

The bride, who was given in marriage by her brother, Mr. Reginald Davy, wore a rose crepe gown and carried pink roses and carnations. The bridesmaid was Miss Bessie House, who wore a green crepe dress, with roses and carnations in her bouquet.

Mr. Lorne Davy, brother of the bride, was best man. Miss Ida House played the Wedding March and Mrs. V. Hettieck, sister of the groom, sang. Following the ceremony, a buffet luncheon was served.

For the honeymoon trip, the bride wore a navy blue suit with matching hat. Mr. and Mrs. Bartlett will take up residence near Smith's Falls, Ont.

L. Goron McBride is on the sick list. Flu.

Mr. and Mrs. R. L. Armstrong, Toronto; Mr. and Mrs. C. Patchett and Mrs. Lister, Port Credit, were Easter guests with Mrs. James Merritt.

THE GRIMSBY INDEPENDENT

Trinity W.A.

The regular meeting of Trinity United Church Women's Association was held at the home of Mrs. C. P. Brown on Thursday, April 6th, with thirty-five ladies present. The meeting opened with singing "Alas and did my Saviour Bleed", followed by the Scripture lesson read by Mrs. Devine, and prayer by Mrs. Watt.

The Secretary's and Treasurer's reports were read and adopted. Mrs. P. E. Wilkins reported she has six quilts ready for quilting, and it was decided that on April 18th, they would quilt three of these in Trinity Hall, the ladies to meet there at 10 a.m., and a pot-luck luncheon to be served at noon. It was decided to send a contribution of \$15.00 to the Victor Home for Girls in Toronto. The meeting closed by singing "Christ the Lord is Risen today" and the Mizpah benediction. Mrs. Greig moved a hearty vote of thanks to Mrs. Brown for giving her home.

Refreshments were served by Mrs. David Cloughley and Mrs. Brown.

The May meeting will be held at the home of Mrs. P. E. Wilkins.

Fruit Prices

The Prices Board pointed out recently that retailers are required to display prominently the prices and sizes of oranges, grapefruit and lemons they offer for sale.

PUBLIC MEETING

in the interest of the

C. C. F.

will be held in the

Masonic Hall

TONIGHT

Thurs., April 13th

8:15 p.m.

W. H. CONNOR,

M.L.A., Hamilton East, will address the meeting.

Everybody welcome.

W.C.T.U.

The regular meeting of the Grimsby Woman's Christian Temperance Union will be held at 3 p.m. Wednesday, April 19th, at the home of Mrs. Murphy, 23 Mountain Street. The topic for discussion is "Our Educational Work." Let's support it by every member with a friend, being present and prepared.

St. Andrew's W.A.

Members of St. Andrew's Women's Auxiliary are asked to note the Diocesan Board Annual meeting will be held on April 18th for one day only, at all Saints Church, Hamilton, starting with the Holy Eucharist at 9:30 a.m. Members will then adjourn to the Scottish Rite Temple for the reports. Box luncheon, please bring tea and sugar. The bus leaves Grimsby at 8 a.m.

Grimsby Young People's Club

The Young People's Club are having their last party of the season in the form of a "Sweater Hop", at the High School, April 21st. We are hoping to make this a real gala night, but will have to have the full co-operation of ALL the young people of the district. Arrangements for Tommy Hanakukus music have been made, so we'll be assured of good music with lots of jumpy jive.

A special invitation is extended to all the young men of the district to attend this dance. It may be surprising, but it is a fact, the recent dances the girls have been numerically strong, about ten girls to every male. Boys here is your chance to find a sweetheart.

Obituary

MRS. C. W. F. CARPENTER
The whole Niagara district was deeply shocked on Tuesday afternoon to learn of the sudden demise of Elletta Cline Carpenter, wife of C. W. F. Carpenter, well known fruit grower and insurance broker of Grimsby and Winona.

Deceased lady had not been in the best of health for some years, but had been able to be out and around among her friends, and her sudden passing from a heart seizure came as a distinct shock.

She was a daughter of the late George and Catherine Cline, pioneer family of the district. She had resided in the Grimsby-Winona district all her life and her death occurred in the old Cline home.

Surviving, besides her husband is one son Lloyd of Hagerstown, Md., a daughter, Mrs. Kenneth Whyte, Ottawa; two brothers, Vernon and Col. John in California.

Funeral service will be conducted on Friday afternoon. Private service being held at the home and a public service in St. Andrew's church. Interment in St. Andrew's cemetery.

MRS. WILLIAM COPELAND
A highly respected citizen of Grimsby passed to her last reward on Thursday last, in the person of Mrs. William G. Copeland, Elizabeth street, in her 76th year.

Deceased had been in ill health for many months and her passing was not entirely unexpected. She was born at Honeywood, a daughter of Jonathan and Ann Copeland and after her marriage farmed with her husband just outside of Collingwood.

She came to Grimsby 24 years ago and only a short time back celebrated her 50th wedding anniversary. She was an adherent of Trinity United church.

Surviving beside her husband are two daughters, Miss Etta at home and Mrs. Clarence W. Lewis of Grimsby, one sister, Mrs. Eli Brillinger of Stayner.

Funeral service was held from her late home on Monday afternoon with Rev. W. J. Watt, officiating.

Casket bearers were six nephews of the deceased, Fred and Roy Brillinger, Norman and Charles Copeland and Earl and George Gill.

SPARE COUPONS IN NEW RATION BOOKS

Ration Administration officials say that the appearance of pages of Spare H. and Spare K. coupons in the new ration books has no special significance and simply means that they are playing safe in the event of special circumstances requiring the rationing of additional commodities or the use of extra coupons for goods already rationed.

Coming Events

Trinity Service Club will hold a rummage sale on Saturday, April 13th, in the Bob Hillier store. Donations from members will be received at the store Friday afternoon and evening.

A bridge and euchre, under the auspices of the Patriotic Committee of Grimsby Chapter, No. 195, O.E.S., will be held on Tuesday, April 18th, in the Masonic Hall, at 8 p.m. Everybody welcome.

The Beaver Club of St. John's Presbyterian Church, will hold their annual Spring Tea at Mrs. Andrew Smith's home, Mountain Street on April 26th, from 3 to 6 p.m.

The Sew-We-Knit Red Cross Group will meet at the home of Mrs. Robert Neale, 7 Fairview, on Friday, April 14th. Will all who can, please attend.

The regular meeting of the Women's Institute will be held Tuesday evening, April 18th, at 8 o'clock, at the home of Mrs. E. Sutherland, 42 Robinson St. South. This will be the Grandmothers' Day program.

The regular meeting of the Mothers' Club will be held at the home of Mrs. H. Lambert, Elm Street, on Thursday, April 20th.

Women Shoppers

"Women spend 85¢ of every dollar in Canada today. It is the grip women keep on their purse strings that will decide how much those purses contain tomorrow."

TRINITY SERVICE CLUB

Will hold a Rummage Sale on Sat., April 15th IN BOB HILLIER'S OLD STORE

Donations from members will be received at the store Friday afternoon and evening.

NOTICE GARBAGE and RUBBISH

It is unlawful for persons to dump rubbish, garbage, etc. upon the road allowances, in the Township of North Grimsby.

Parties who persist in this action will be prosecuted for so doing.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Dog taxes are due May first.

Lions Club next Tuesday night.

County Council meets next Tuesday.

Blood Clinic Wednesday, April 26th.

How many bonds are you going to buy?

Water Commission meets next Tuesday afternoon.

Farrow Bros. have just finished the redecorating of the upstairs rooms of the Bank of Commerce.

There will be an Old Time Dance and Euchre in Winona hall, Friday night. Proceeds for the Winona Troop, Boy Scouts.

Thieves entered the liquor store at Thorold early on Monday morning, stole the safe containing \$1,700, but took no liquor.

The work is nearly finished of redecorating the dining room, ladies' beverage room and the bedrooms at Hotel Grimsby.

Two cars abandoned on the Queen Elizabeth Way here were ordered towed to local garages by police on Saturday evening.

Bert Smith has greatly improved his Main street property by the building out of the upper portion of his restaurant building. This now gives him a nice sun room, with an outside entrance to the upper part of the building.

It is two o'clock Tuesday afternoon. The Independent offers its most sincere apologies to Harold Woolverton for so subtly enticing him back home from the salubrious clime of Sunny Southern California.

Following a minor accident in which his car was involved on No. 8 highway on Saturday night, Ambrose Besito, St. Catharines, was arrested by Provincial Constable Elmer Bowen on a drunk driving charge and was taken to St. Catharines.

A reduction in the amount of native and imported wine available to the consumer and an increase in the amount of draft beer has been announced by the Ontario Liquor Control Board. Purchasers can now obtain one bottle of native wine per week and two bottles of imported wine per month.

Spr. Morley F. Robinson, son of Mrs. Mary Robinson, Adelaide St., writes to his wife, in North Bay, in a letter dated Feb. 18 that Canadian prisoners in German camps are receiving "the best jobs" and conditions have improved, "apparently because of the good treatment German prisoners are receiving in Canada." He was taken prisoner at Dieppe.

New chief of police at Beamsville, Edmond R. Archer, took over his duties last week. The former chief of police, George Seymour, resigned recently to become a turnkey at the Lincoln County jail.

Mr. Archer came from Hamilton where he had been a member of the special provincial police force.

He was formerly a guard at the Ontario reformatory at Guelph.

There were 100 new babies born in St. Catharines during March,

the highest number since last November, when 125 babies arrived.

According to vital statistics reported at the city clerk's office,

63 of the babies were born to residents of the city, and the other 37 to parents who live outside the city.

There were 22 resident and eight non-resident deaths, and 24 marriages.

"Jimmy" Wray, The Sahib of Salvage, announces that with the assistance of J. M. Lawrie, Supt. of Town Works and the town workmen, there will be a collection of waste paper on Monday and Tuesday, April 24th and 25th.

On Monday, April 24th, aper of all kinds will be collected on Mountain and Elizabeth streets and all streets west.

On Tuesday, April 25th, paper will be collected on all streets east of Mountain and Elizabeth.

Watch next week's Independent for further particulars.

Trinity Service Club

Trinity Service Club celebrated its 6th birthday on Tuesday at the April meeting. Friends from the Beaver Club were guests. Mrs. A. V. Catton, President, was in the chair.

Suggestions from the Ways and Means Committee were considered, and Mrs. Lawrence Hysert, the Convenor, announced that the Spring rummage sale will be held on Saturday, April 15th.

The War Service Convenor told us that Private Joseph Hand has become the Club's adopted Soldier in place of a Grimsby boy who has returned from overseas.

Mrs. Irwin Phelps, program convenor for the day, introduced the guest speaker, Mrs. J. M. Powell, whose intensive study of early days has made her an authority on local history. Mrs. Powell's subject was "When Grimsby was The Forty," and her audience listened

with marked interest to the recounting of the tales of former times. The speaker took us back to the early days of Upper Canada, when the families of many Loyalists came here from New Jersey.

The Forty of Grimsby was Colonel Rob Nelles, along with other well known families. The manner in which land was secured and the way the Townships and settlements were formed was explained. We learned where the first homes and buildings were built. As soon as possible a Church and a school were established. Shortly, the first militia was formed.

Mrs. Powell told in detail of the war of 1812 as it affected this district, and of the skirmish at The Forty. After the war, The Forty became known as Grimsby.

The Club members later examined the maps, records and pictures Mrs. Powell has in her possession.

Mrs. Gordon Sinclair presided at the tea table, which was centred with a birthday cake decorated in the Easter colours of Mauve and Yellow, bearing six candles, and flanked by tall Yellow tapers.

A colony of bees weighing 10 pounds need 60 pounds of honey and four or five combs of pollen for food to carry it through the winter.

Navy League News

Among the many fascinating stories coming out of England: gruesome though they be there is one outstanding.

A merchant ship loaded for Capetown was routed independently. No "station keeping" as required in a convoy; no signalling. Just alone and unprotected, off the beaten track. But the captain, wise man, kept a masthead lookout, and men at the guns. (All merchantmen are now armed).

No reports of any raider at large in the Atlantic. U-boats hardly expected on these unrefined sea lanes. So all prayed and hoped for a safe and quick passage.

Alas: the fates decreed otherwise! At 2:30 one morning a torpedo struck the ship. But still seaworthy she was steered on a course away from the point of attack. But a further torpedo struck the engine room, followed by a third. "Abandon ship" was the order. The ship was now on fire, a good target for the sub-

which

SPORTOLOGY

By Bones Livingston, Sportologist

HOW MANY FINS HAS A GOLD FISH GOT?

I told you last week about Mike Sweet gouging Big Rushton for a toadskin on a tricky question. The question that Mike posed, was "why does it take a runner longer to go from second base to third base, than from first base to second base?" Here's the answer that caused Rush to swoon, "because between second and third base there is a shortstop." Get it? Pretty smart for Michael.

Peach Queen's league observed Lent last week. The gals did not bowl . . . the way some of the low rung teams have been upsetting the pace-making teams the past two weeks, some of the boys wish that the alleys had been closed up, for a week, instead of just Good Friday. . . . Sun is shining brightly. Cats are beginning to walk the back fence. That means it won't be long until Rush the Indomitable will be out hawking the concession roads looking for ball players. Ho hum, well he still has Boob Schwab. Wouldn't he be surprised that Boob might be voted the best rookie in the district this year.

The big roar that you heard all over Main Street on Wednesday morning, that sounded so much like the drop of the water at Shawanigan Falls (his name sake) was caused by Oliver Cromwell Effervescent Shaw. With Wieners Walker in the Crowd Nest issuing instructions and Big Timber Tufford back in the firing line for the first time in weeks, the BLACK CATS (set that in caps, comp.) really went to London Town. They took Jerry Lucy and his wonders (no caps) three games to zero. Even Councillor John Hewitt could not save the day with his 248 high. Big Timber celebrated his return to the pastime with a first game of 233, while Barney Johnson, clicked off a 249 and a 245. Shaw himself, while he can talk a whale of a game, wasn't so hot. He never hit the 200 mark and he sat out the last game. That was Walker strategy.

Ration Books

CONTINUATIONS

From Page One

RATION BOOK JOB

Secretary Hummel reports that in the district 11,655 books were issued, as compared to 12,600 in August last. This difference he explains is made up by the fact that last August the Girls' Work Camps were provided with books from the local office as well as all the then residents of Grimsby Beach.

Grimsby and North Grimsby took a drop of 500. This time 3,900 books went out as against 4,400 in August.

That the people were more obedient to the instructions issued beforehand is evidenced by the fact that only 30 citizens in the whole ration district have applied for books since the issuance, date, as compared to over 100 in the August issue.

CHOICE BEEF

animal will go on sale this weekend. They can be secured in Mill-yard's, Baker's, Bourne's and from pupils of the High School who have undertaken to dispose of a large number of books. Tickets will be 25 cents each or five tickets for a dollar.

It is expected that enough money will be raised from this drawing to keep the Fund supplied with cash for the next two or three shipments of fags. With the invasion only a short piece away, this money will come in handy as shipments will be more frequent once the boys cross into France, as a cigarette to a soldier on the battle front is far more appreciated than it is in a training camp.

This calf is one of the finest specimens that has ever come out of the Puddicombe herd, and there have been a lot of prize winners from that herd in the past few years.

UKRAINIANS WILL

candlesticks the "corpus christi" will lie in state, flanked by a background of rocky crags which are surmounted by three crosses. This picture, as presented to the spectator, should recall the mount named Golgatha on which Our Lord died. Fronting the whole structure, in a receptacle lined with satin and embedded with jewels, will be placed the monstrance containing the Blessed Sacrament, which is to be exposed for the adoration of the faithful.

Ukrainian Catholics rise with the dawn to greet Easter morning. The great Easter church service begins at 6 a.m. Already, though the hour is early, and the chill morning air has drawn the color into the cheeks of the churchgoers, the church is crowded.

Never is the Ukrainian rite so lavish with its color, with its song and with its symbolism as it is at the Easter High Mass. With the Basilian Brother's all men's choir in attendance, the church bells pealing their joyful message, the song of victory wells out into one magnificent and glorious tribute to the Resurrected Saviour. "Christos Voskress" they cry, for truly, "Christ is Risen".

TRAINING COURSE

given their food rations at the school consisting of two eggs, one piece of bacon, two apples, one pint of chocolate milk and prepared dough for baking their twist. They carried it the best way possible and the end of the trail led them half way up the mountain and down on the rocks in the creek bed.

Here the boys had to prepare fire and cook their rations without any cooking utensils whatsoever. Yes it was a puzzle to most of the boys until they watched the dexterous hands of their leaders twist that dough around a stick and hold it over the coals, moving it round and round until a luscious brown biscuit was ready for eating. Also to cook the bacon and eggs they watched their leaders find flat stones of the proper shape and after it was heated over the fire these foods were placed on it. Yes it cooked, for several of the gang, but some of the boys lost their rations in the fire just when they declared them fit for eating. Yes, many a disappointed look but like good scouts they smiled and whistled and considered it fun to work and play in this great game of Scouting.

The following leaders assisted in this training course: James Wright, Scoutmaster 10th Hamilton troop, A. J. Hayward, S.M. Beamsdale, G. Hambrook, S.M. Winona, T. Peake, S.M. Fruitland, J. Baker, S.M. Don Pettit A.S.M. Doug. Bedford, A.A.S.M. Ian Marr, Troop Leader, Grimsby.

At our regular meeting Monday night the patrol leaders started their plans for training. Flag positions.

break was held outside for the first time this year. A competition which required them to go in patrols down town and memorize the articles in Theal's grocery store window returning to the school and write out the names of articles noticed. One minute was allowed for each patrol to view window. Winners of this competition will be given next week.

COAL OIL LAMPS

The Shikuna ship building yards along the banks of the old canal beneath the present site of Burgoine Bridge are vividly recalled by Mr. Fluhrer, who can describe the early days when boats had to be drawn along the canal by horses on tow paths.

The old woollen mills and flour mill at Ball's Falls, south of Vineyard have long since ceased to creak, but Mr. Fluhrer, who lived near the Falls clearly remembers the busy days when they were a centre of activity. The American Civil War, the assassination of President Lincoln, and the Fenian Raids are among other historical events which he recalls with clarity. He remembers the Franco-German War of 1871 and the siege of Paris.

Mr. Fluhrer was born near Campbell of United Empire Loyalist extraction and has lived in this district all his life. Many are the changes in the way of living which he has witnessed in the social revolution of the past century. The first coal oil lamps were a great innovation when they took the place of the old tallow candles which his mother used to make in moulds. Mr. Fluhrer has weathered the changing conditions and his activity indicates that he will live many more years to witness promised changes in the post-war world.

ISSUE TAX WARRANT

several occasions during the past year. Many promises had been made regarding the matter but none of them lived up to it. It was finally decided by council that unless the interested parties came to an understanding forthwith that the council would call in the Township Engineer.

There are 13 properties on North Grimsby tax roll that are in arrears of taxes for three or more years. The amounts of taxes owing run from \$11 to \$1,100. Council instructed Reeve Durham to issue a tax warrant and place the properties on the list for sale.

Under a recent change in the Assessment act, once a property has been placed on the tax sale list it cannot be removed unless the total amount of taxes and costs are paid. Heretofore a property could be removed from the list by the paying of an amount of money sufficient to bring the outstanding taxes below the three year deadline. This cannot now be done.

Department of Munitions and Supply notified council that it was not necessary for them to secure a permit to construct a new water main, one and three-quarters miles long, from the present termination of the West End system to the North Grimsby Saffleet line. The Clerk was instructed to have the Township Engineer prepare plans and estimates of the cost of this work.

Township roads came through the winter in fairly good shape, reported Road Supt. Thos. Mackie, but the difficulty he has been experiencing the past two weeks has been from the rain and thawing in the day time and the freezing at night time. This was particularly bad with the roads on the mountain and some had started to heave as a result.

Council received several complaints from residents about the actions of some residents, who seem to think the every road ending at the lake bank, and a lot of the side roads are for the dumping of rubbish or garbage. Council will take action on the matter.

A building permit was granted to George Udell for the erection of a new house on No. 8 Highway, just west of Nelles Road at a cost of \$4,800.

Joint Fire Committee accounts for \$50.57 were ordered paid.

Frank Johnson was granted a permit to construct a one storey four room frame house on No. 8 highway, west of Kerman avenue, at a cost of \$600.

Water consumption in the East End in March was 224,000 gallons; West End 109,000 gallons.

Department of Highways have approved of township's road estimates of \$8,000 for 1944.

March relief accounts amounted to \$4.

Basic English, which uses 846 of the more common English words, is easily learned by non-English speaking people; it includes 600 nouns, 150 adjectives, 18 verbs, and 78 pronouns, adverbs and prepositions.

WESTERN BUYS

west half of the Shaferplex, facing on Murray street. Mr. Bell had previously purchased the east half facing on Main street.

It looked for a while this spring as if Water Commissioner Heri Lindensmith and family would spend the summer living in a box car. Herb sold his Ontario street property last winter and has to move out the first of May. He was up against it for a house when Rev. G. Taylor-Munro accepted his call to Penetang. The Lindensmith family will occupy the Taylor-Munro house on Kerman avenue by the end of the month.

Phillip Tregunno has disposed of four acres of peach land on Central avenue, Grimsby Beach, to Mr. Palanko of Toronto.

George J. G. Jarrett of Weyburn, Sask. has purchased the Miss Reid house and lot on Park Road, services, although at the same time the farmers were complaining of help shortages. "It is obvious,"

Miss Florence A. Brown of Ottawa has purchased a half acre lot continued Mr. MacLaren, "that we cannot help the farmers if they

contract to Shafer Bros. for the

erection of a new house on the

property at a cost of \$5,400.

Life jackets for men fallen into the sea sometimes have attached packages of dye; the dye, when released, spreads a fluorescent yellowish green 25-foot spot around the men which can be seen from airplanes high in the air.

Farmers Should Make Needs Known

"The Ontario Farm Service Force plans to have more help available for the farmers of Ontario than in any previous years of operation," declares Alex MacLaren, Director of the Force. "But he adds, "before we can help the farmers they must let us know their requirements for such help we can provide."

previous years, Mr. MacLaren said, one of the chief difficulties we have faced has been the unwillingness and slowness of farmers to make application for help.

In some sections of the Province we have had large numbers of volunteers but no demand for their services, although at the same time the farmers were complaining of

help shortages. "It is obvious,"

Mr. MacLaren continued, "that we

cannot help the farmers if they

require help. But, if they do tell us, we believe we can take care of their requirements."

Volunteer farm help will be available from high school students, farm commando brigades of volunteers organized in the towns and cities, farm holiday brigades and through farm duty leaves and compassionate farm leaves for members of the armed forces.

ADDRESSES ON THE MOVE...

IN SPITE OF ALL WAR HAZARDS

31,500,000 LETTERS
REACHED YOUR MEN OVERSEAS LAST YEAR

in spite of every war hazard you can think of . . . your Post Office and the Canadian Postal Corps delivered 31,500,000 letters to men overseas in 1943!

It is inevitable that, in tracing men who have been moved, or wounded, some delays occur. It is inevitable that enemy action holds up delivery in some cases. But everything that human ingenuity and effort can do to give you a service that means speedier delivery of the letters your men are waiting for, is being well and thoroughly done, and will be done. New methods of speeding mail deliveries are being put into effect, new possibilities are being studied. Think of your own friends who have been posted to new locations overseas, and realize the task of tracing them when their mail arrives at their former address!

You can help your Post Office and the Canadian Postal Corps to give every letter service if you will take a moment to make sure that your mail is correctly prepared. Do these simple things . . .

1. Always be sure each letter or parcel (properly packed) is fully and correctly addressed.
2. Use light-weight paper for regular Air Mail, or use the Armed Forces Air Letter Forms. Airgraph letters take a little longer because they must be processed in Canada and overseas.
3. To men in hospitals, mark your letter "In Hospital", if you are advised to this effect.
4. Never put into parcels perishable food, or any substance that can be damaged by extremes of temperature.

CANADA POST OFFICE
Issued by the authority of
HON. W. P. MULOCK, K.C., M.P. POSTMASTER GENERAL

CHARLES FARRELL
as I do, in a lot of instances, more so. But I am fully convinced that we all must go all out with every last dollar that we have in order to win. We must back to the last nickel our OWN 450 boys and girls that are wearing the uniform of freedom. If we fall down, they of necessity must fall down. I do not believe that the citizens of Grimsby and North Grimsby will fall down. Their sons and daughters are not failing and they will not fall."

COUNCILLOR PHELPS

The building on the Putnam property on Livingston avenue that has been a bone of contention for the past several months, has been removed, Councilor Bull reported.

Council passed a bylaw for the removal of a tree on Doran avenue and a tree on Kidd avenue, the roots of which were blocking sewers.

A motion was passed authorizing the purchase of a \$1,000 Victory Bond from the cemetery funds.

All ratepayers who have paid their taxes in full for 1944 will receive a cheque from Tax Collector Hummel for the amount due them through the granting of the one mill educational subsidy made by the Drew Government.

Joint Fire Committees accounts to the amount of \$102.64 were passed.

Stop light at Main and Depot streets will be turned on May 1st.

Over paid taxes to the amount of \$9.56, were ordered refunded.

Relief accounts for March amounted to \$63.57.

General accounts for \$878.76 were ordered passed.

Chief of Police Turner reported that in the month of March, there was one court case, a charge of theft, a fine of \$10 was registered; 10 complaints were investigated; 2 break-ins; 4 dogs and 8 cats were turned over to Humane Society: dog tax collected \$48.25, of which \$4.50 was for 1943.

March was a good month for tax collections according to Tax Collector Armand Hummel, \$14,640.04, being paid in. Taxes for 1944 up until March 31st, totalled \$19,269.92.

Presents Book To Public Library

Readers may be interested to learn that the author of 'From the Land of Silent People', Mr. Robert St. John has his ancestral roots in Canadian soil.

His great-grandfather, the Rev. T. Bolton Read was Rector of St. Andrew's church, Grimsby, from 1867 until his death in 1892.

Dr. and Mrs. Read's daughter, Miss Amy Read married the Rev. T. Bolton Read and their daughter, Amy Archer St. John, is Robert St. John's mother.

This book has been presented to the Grimsby Public Library by Miss Muriel Pettit, of Fairfax, California.

The problem is not how to keep the boys down on the farm but how to entice some down there.

Chief Turner
Picks Deserter

It Took Nine Months To Get Him, But Eventually The Long Arm Of The Law Reached Him.

Clever police work on the part of Chief Constable Wm. Turner, assisted by Constable Alf. LePage, rounded up last night, a nine months' deserter from the Canadian Army.

When Lloyd Proper, accompanied by a girl friend, stepped from the portals of Moore's Theatre, after enjoying a good show, Chief Turner took him in tow.

A call to Hamilton brought the "M.P.'s" and by the time this is printed Lloyd is well on his way to the "glass house".

Chief Turner has worked a long time on this case and he finally got

Grimsby Has Lady
Truant Officer

First Time On Record That Local Kids Have Had a Lady Boss — Mrs. Kate Groce Takes Position.

Grimsby board of education last Wednesday night appointed Mrs. William Groce as school attendance officer for the current year at a salary of \$50. This is the first time locally that a woman has been given the appointment.

The high school will again be rented as a Farm Service Force centre during the summer holidays, a nominal rent of \$50 a month being received.

Kenneth Griffith, public school principal, was authorized to engage a part-time teacher. P. V. Smith, high school principal, reported that pupils had contributed \$150 to local Red Cross campaign. He also told of the Lions Club donating \$200 towards a cadet band.

Schools here are not enlisted in the recently inaugurated Canadian School Financial Corps plan of selling war savings stamps but the sale of stamps to pupils is handled by the teachers.

Working Money

Back in 1857 one Samuel Francis deposited \$150 in a Bath (Me.) bank. Not long ago the bank closed his account, paying his heirs the original \$150 plus \$6,095 interest.

That is an intriguing and an inspiring item; but what really caught our eye was another item that appeared about the same time under a Jerusalem date line. In the outskirts of Jerusalem, it appears, some one dug up an earthenware vessel containing a half-dozen shekels and some other coins, all minted before the Christian era.

What would have happened had that handful of coins been deposited in a bank and drawn compound interest continuously until 1944 A.D.? We shudder to contemplate the cataclysmic result.

Zombie!

The name "Zombie", which has been attached to that section of the Canadian Army called up under the Natural Resources Mobilization Act, is little known, but apt. Webster defines it: "A soulless human corpse, still dead, but taken from the grave and endowed by sorcery with a mechanical semblance of life. It is a dead body which is made to walk and act and move as if it were alive."

blast furnaces in 1918 required reusing after producing approximately 625,000 tons of iron; this tonnage has now been multiplied by three because better lining materials have been developed.

Bus Passengers
Get Real Thrill

Philip Bilanczy Badly Injured When Car And Bus Crash Bus Turns Over After Smashing Hydro Pole.

Philip Bilanczy, 240 Main street west, Grimsby, driver of a car, was critically injured when a car and bus crashed on an eastbound street in Niagara Falls bus were severely shaken up in a bus-car collision on Main street west in Grimsby Monday night. Following the collision with the car, the big bus overturned and lay on its side, on a lawn after breaking off a hydro pole and tearing down a transformer and wires.

Bilanczy was attended at the scene by Dr. A. F. McIntyre and later removed by ambulance to Hamilton General Hospital. His injuries included fractures of the skull and both hips and possible internal injury.

James Thomson, 68 Merritt street, St. Catharines, passenger on the bus, suffered fractured ribs, but was able to go home later on a special bus which arrived to take passengers to their destination. Mrs. Thomson and their young son, Hugh Thomson, were shaken up considerably but not seriously hurt. So far as police could learn, Mr. Thomson was the only bus passenger injured.

The twenty or more bus passengers had a remarkable escape in the double crash and overturning. Some climbed through an emergency door at the rear, then pointing skyward, while others crawled through the windshield frame after the glass had been kicked out by the driver, Milan Krick of Grimsby.

Timbers used in bridges on the new Pan-American highway were framed and bored before pressure-treatment with preservatives; this insures better protection.

Light wires were strewn about the bus, but fortunately no fire broke out.

Chief Constable William Turner, who investigated, said that no blame could be placed on the bus driver. He reported that Bilanczy, who resides directly opposite the scene of the accident, had turned on to Main street off Keroan ave. a hundred yards or so away and had headed east in the path of the approaching bus, also eastbound.

As the bus was about to pass, the car suddenly swung to the left towards the Bilanczy driveway and directly in the path of the bus. The force of the impact tore the car in two, the body being thrown against a cherry tree and the chassis landing some 30 feet away. Bilanczy was found lying on the highway and may have been run over by the big bus. The accident happened shortly before 10:30 o'clock, the bus being the one that left Hamilton at 9:40 for Niagara Falls.
